Dear Senator Browne,

The safety of our students is always front of mind. That's why we enthusiastically support Senate Bill 1098, which provides for the automated enforcement of failure to stop for school bus with flashing red lights. We thank you for introducing this legislation, and we hope it is passed so that it can make our children's trips to and from school safer.

Sincerely,

THE BOARD OF SCHOOL DIRECTORS OF THE EAST PENN SCHOOL DISTRICT

Ken Bacher, President
